Enroll now! It's free!

Frequently Asked Questions

Please check our FAQ to see if a question you want to ask on the forums has been answered already. Here is the link to the FAQ:

Frequently Asked Questions

Customer Website Launched

As part of this course we developed a *real* website for a *real* client. Below is a link to the final product. (*Note*, the site is left without speed optimization to keep it exactly as it was in the course. Site optimization wasn't part of the course).

David Chu's China Bistro Restaurant in Baltimore, MD
